

Meet an Olympian, play some golf and have a lot of fun at the RBC Tournament FORE Health

The Northern Lights Regional Health Foundation is pleased to announce that RBC has come on board as the title sponsor for the Northern Lights Regional Health Foundation annual fundraising golf tournament, over the next three years. The inaugural RBC Tournament FORE Health is being held September 1st and 2nd at the Fort McMurray Golf Club. This fun tournament will feature a horserace on Monday evening and a shot gun start Texas scramble event on Tuesday at 8:30 a.m.

The day will be host to a number of exciting activities including; four hole-in-one challenges, health care professionals checking players' vital signs, a special opportunity to play RBC Olympian Colleen Sostorics, a putting green contest, a dinner banquet, prizes and a gift for all!

"RBC is excited to partner with the Northern Lights Regional Health Foundation on this event," said RBC's Trent Waughtal, branch manager, Fort McMurray. "This event will raise much-needed funds for the Health Foundation and allows RBC to continue its long standing commitment to supporting health care in the communities where we live, work and play."

Funds raised at this event will support the replacement of Central Monitoring System (CMS) units and the addition of more than 25 new monitoring units to several departments within the health centre. The health centre is experiencing a dramatic rise in the amount of clients with cardiac related issues and the CMS is vital for the best patient care in these types of medical emergencies.

Sponsorship opportunities for this event are available and player registration is currently open. Contact Susanne Hobbs at (780) 791-6030 or shobbs@nlrh.ca for more information.
