Northern Lights Health Foundation names new executive director

Fort McMurray, AB **December 1, 2010** — The Northern Lights Health Foundation announced today that Susanne Chaffey is the successful candidate in a recent nationwide search for a fundraising professional to fill the executive director role.

“The foundation has gone through a number of changes and challenges over the past couple of years, and Susanne has been there through it all,” said Board Chairman Joe MacNeil. “She has shown dedication and flexibility, and we believe the foundation will continue to experience successes like this year’s Festival of Trees under her leadership.”

Chaffey, who has been with the Northern Lights Health Foundation for four years, is a familiar face in the community. Taking over as executive director will be a smooth transition for the foundation and its supporters.

“I look forward to building and strengthening the foundation’s relationships with supporters and to increasing the support our foundation provides to local health care,” Chaffey said.

Established in 1985 the Northern Lights Health Foundation exists to provide funds to support Alberta Health Services funding priorities within the Regional Municipality of Wood Buffalo.
